

Buffalo Lake Hwy C Boat Landing

Hiking Trail & Kiosk

-There is a bark-covered walking trail that overlooks Buffalo Lake and an informational kiosk at the Buffalo Lake boat landing on County Road C. The path runs along the lake on county property and it also continues up a small hill on the opposite side of the parking lot.

-The kiosk provides details about the railroad that once ran from Packwaukee to Montello and it also provides historical information about the Native Americans who once lived along the shores of the Fox River. This is a great stop to make to stretch your legs and learn about some of the great local history.
